

DELAWARE COUNTY STUDENT COMMENTS 2004-05

(The presenter) is an excellent presenter and covered the material in a way that captivated the students. She is well informed. (I would recommend this program to) other schools in the county. *Teacher, Buckeye Valley HS*

Both material and guest teacher were excellent! Very professional presentation with a good variety of methods of presenting. (Would recommend this program to) other health programs in middle or high school

Thank you very much for coming to BVHS! It showed all of us the consequences of having sex before marriage!
9th Grade Female

They were very good with talking with us and made it clear that they weren't here to tell us never have sex, just do it when you're married to be sure that you are decreasing your chances of getting an STD or anything else that goes along with sex.
9th Grade Female

I liked your presentation! There were some crazy true facts!!
12th Grade Female

I learned a lot, thanks for your time! What you're doing is important!

This is one of the best programs I have ever been through. I have learned so much. It made me realize I need to get some stuff checked out.
10th Grade Male

I think this program is very effective. Because of the pictures and also the numbers. I think every voice helps to prevent teens from sex and STD's. It's sad that parents don't talk with their kids. (some parents)

Thank you for coming and saying what needs to be talked about in schools across the U.S.
