

## HARDIN COUNTY STUDENT COMMENTS 2004-05

- “Great activities – gets students thinking about their own lives and what they want.” *Teacher, Kenton MS*
- “The material was excellent – factual, yet on a level that HS students understand. The demo’s are an excellent way to communicate difficult/powerful concepts. I think that combining STD info with bonding changes the approach. We never hear about the bonding process that goes with sexual relationships. VERY GOOD!!”  
*Teacher, Ridgemont HS*
- “The material is excellent. It is age appropriate. The activities are engaging and keep the students interested. The handouts that are provided are informative. The program doesn’t “preach”, it allows students to come to their own conclusions! (I would recommend this program to) all 7<sup>th</sup> grade students throughout Hardin County and the rest of Ohio.”  
*Teacher, Hardin Northern*

- I am so glad we had this meeting! I use to be a little shaky about saying no if someone ever asked me to be sexually active, now I’m 100% sure I’m saying no whoever asks me and the consequences that could come with it!
