

HIGHLAND COUNTY STUDENT COMMENTS 2004-05

“Excellent, up-to-date materials. Guest speakers are excellent presenters and know the information well. I hope this program continues for many years. (I would recommend it to) anyone who works with teenagers.”

Teacher, Fairfield HS

“I feel the material presented goes right along with what I teach. The presenters did a nice job of getting their points across in a way that the students understood and enjoyed. The material was age-appropriate and the activities really got the students involved. I think this is a good program for any classroom. The younger we can get this material presented to students, the better off I think they will be. This is a good program for young adults also.”

Teacher, McClain HS

“The material was presented in an eye-opening, yet not embarrassing, manner. The presenters kept the attention of the students throughout the entire week of activities. Great job – lots of fun!

Teacher, Rainsboro ES

“Love the Rose Demo. Excellent program. Keep (up) the good work. Our youth need to hear the truth. (I would recommend this program to) all teachers 6-12.”
