

## Lawrence county STUDENT COMMENTS 2004-05

“(The presenter) was well organized and prepared daily for her presentation. I would recommend this program for all sex education classes.”  
*Teacher, Fairland HS*

“(The presenter) did a great job! She presented the material in a professional manner and was able to relate to all students. (I) have several LD and CL students. (I) have used many speakers dealing with sex education and (your presenter) is the best I have had at Rock Hill. She is an asset for ATM Education.”  
*Teacher, Rock Hill HS*

“(Your presenter) gave an excellent presentation. She kept the students’ attention, (had) good examples (and a) great way of presenting difficult info.”  
*Teacher, Fairland HS*

“The material was very informative and age appropriate. (Your presenter) did an awesome job presenting the material in a sensitive, respectful manner. (I would recommend this program to) any organization that truly cares about children.”  
*Teacher, Ironton Jr HS*

The demonstrations were very enlightening, I learned a lot from this. Thank you!

I think the program was good and it made us think about having sex too soon and what the consequences could be. I enjoyed having you.

I learned a lot and it changed a lot of the different views I had.

I liked it, it wasn’t boring like all other presentations. I really learned something from this. Thank you!

I think if more people see this program it will make a lot of difference. We have a semester class, so a lot of freshman did not get to see it. I think it would help if they did.

I’m really glad you came to our school. You’ve taught me a lot about STD’s and everything else. Before you came I thought I may have sex before marriage, but not now. I liked the thing about the steps you take when someone expects sex.

I think it’s good that people like you talk to kids because I know plenty that are sexually active and have told me they’re going to stop or at least set limits.

You told me some things that I didn’t know and I thank you for that and helping me renew my resolution.

I have had oral sex and wanted to go farther, but after this you have changed my mind. Thanks.

I am really glad that you got to come to our school. I have already been sexually active, but now that I know the consequences that you have taught I will not involve in any sexual activity! Thanks.

This was a wonderful program, I thoroughly enjoyed it. I think more programs (like this) should be more available.

I thought this class would be boring but it was pretty interesting.  
*8<sup>th</sup> grade female*

I think that even though they were gross the slides had the most effect on me, I don’t want that to happen to me or my child.

It’s a good program, very informative and detailed.
